Dear Industry,

Re: **Effective 1000 today, May 15, 2015, Bar Pilots  
will rescind the restriction from March 22, 2015:**

We have rescinded the notice dated March 22, 2015 which stated "Inbound vessels (only) with a draft of 38' or greater shall enter Southwest Pass 5 hours BEFORE to 2 hours AFTER high tide at Southwest Pass to help negate the effects of flocculation reported in Southwest Pass." Our current conditions do not warrant the previous restriction.

Please free to contact me at any time regarding this restriction. We will keep you updated as changes occur.

Best Regards,

Michael R. Lorino
