March 22, 2015

Dear Industry,

Re: **Effective 1030 today, March 22, 2015, Bar Pilots
will implement the following restriction:**

Inbound vessels (only) with a draft of 38' or greater shall not enter Southwest Pass 5 hours BEFORE to 2 hours AFTER high tide at Southwest Pass to help negate the effects of flocculation reported in Southwest Pass.

Please free to contact me at any time regarding this restriction. We will keep you updated as changes occur.

Best Regards,

Michael R. Lorino
